# About PrismPOS

POS is an abbreviation for Point of Sale.

PrismPOS are utilized in many different industries, ranging from Super Stores, restaurants, hotels & hospitality businesses, beauty salons, casinos, stadiums and let's not forget – the retail environments.

PrismPOS deals with Inventory and Financial aspects of Cash register systems, barcode scanners, receipt printers, lock screen and Payment method.

PrismPOS can give retailers more opportunities to micro-market specific product categories and influence consumers at earlier points in the sales funnel.
